Commissioner for Patents

Alexandria, VA 22313-1450REQUEST

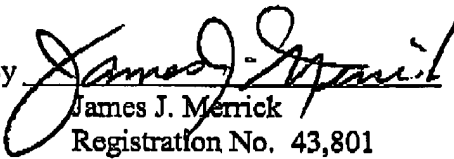

In response to our office receiving an Office Action mailed on June 15, 2004, we formally request that the reply period be reset as the cited reference on page 2 of the Detailed Action does not coincide with any of the reference numerals with respect to the cited Figure (i.e., FIG. 10) relied on and cited by the Examiner in the Detailed Action with respect to the rejection under 35 U.S.C. §102(b). More specifically, two Mrenna et al. references are cited on the copy of the PTO-892 (i.e., Mrenna et al., U.S. Patent Nos. 4,719,438 and 6,194,982) in which each has same first listed inventor's name, i.e., Mrenna et al., creating confusion as to the correct reference intended. In particular, the Examiner specifically enumerates reliance on "Mrenna et al. [US 6,194,982]," yet the reference numerals of the elements relied thereon do not coincide with Mrenna et al. [US 6,194,982] and more closely identify with Mrenna et al. [US 4,719,438].

Applicants respectfully request a supplemental Office Action reflective of the correct Mrenna et al. cited reference intended by the Examiner.
